

Parent Guide: Register Student

During the Registration window:

1. [Register your returning student for the upcoming school year.](#)

ASCENDER ParentPortal > Summary

Campuses typically require enrolled returning students to re-register each year for the upcoming school year and to complete forms that are required annually. Registration typically occurs during a range of dates according to district requirements. During those dates, you can access Registration from the student's Summary page.

During the annual online registration window:

You can easily see your student's progress in the registration process and access the page where you can complete the forms.

If your student's registration is in progress, a pop-up window opens from this page.

- Click **Resume Registration** to continue the registration process.

Or, click  to close the pop-up window and continue registration later.

Once you have completed registration, the pop-up window will no longer appear.

NOTE: On the Summary page, the **Registration** button will be red, yellow, or green depending on how far along you are in the process.

- The information is green if all forms are completed (i.e., 100%).

Registration

- The card is highlighted and has a check mark for the selected student.

- To begin or resume the registration process, click **Resume Registration** on the pop-up window, or click the **Registration** button on the student's card.

The [Registration](#) page opens.

- Click **Start Registration**.

The first form in the list opens on the right side of the page.

Depending on the form type and district requirements, a form will require one of two actions:

- View only or download
 - Review and update
- **View only or download:** View the form and acknowledge that you have viewed the form. There is no data to enter.
 - For a static form, click **Download Attached Document** to open, save, and/or print the form.
 - For a standard form, the form automatically opens on the right side of the page.
 - By clicking **Next Form**, you are confirming that you viewed the form.
 - **Review and update:** Review existing data. Add or update data as needed.
 - For a dynamic form, add or change data. Type over the existing data with new data where applicable.
 - For contact forms, all of the student's contacts are listed at the top of the form. Click the contact name to update information for that contact. Click **Add Contact** to add a new contact.

- If a field contains the **Document** button, you can click the button to upload a file related to online enrollment, such as a birth certificate, driver license, immunization record, or proof of residency.
- Texas standard forms must be re-submitted each year. All data must be re-entered.

☐ Click **Next Form**.

The next form in the list is displayed on the right.

☐ Continue reviewing forms and clicking **Next Form** until you have reviewed and updated all forms.

- If you are not ready to complete a form, click **Save Form** to save any data entered so far.
- If you leave ParentPortal before finishing registration updates, a **Resume Registration** button is displayed allowing you to continue where you left off.
- The list on the left side of the page displays **Pending** or **Complete**, indicating the status of the form.

When you have viewed and entered all required data on all required forms, the **Finish and Submit to District** button is displayed at the bottom of the page.

- Click **Finish and Submit to District**.

The final page opens allowing you to print a confirmation for your records.

- Click **Print Confirmation**.

A page opens in a new window which lists the dates on which each form was completed.

Print this page for your records, then click **Close Window**.

Edit Data:

To update data you already entered, return to the form, type over existing data, and submit the form again.

2. [Monitor pending data changes.](#)

Until a change is approved by the campus, both the previous and new data are displayed, and an asterisk is displayed next to the fields to indicate that the change is pending.

If the administrator rejects a change for a dynamic form field, a message will be displayed next to the field indicating the reason for the rejection.

The message is cleared once you change the field and resubmit.

Texas Standard Forms:

Until the change is approved by the campus, the **Show Changed Values** button appears on the form allowing you to toggle between viewing the previous and new values.

Click **Show Changed Values** to view the previous data.

The changed data is highlighted and reflects the most recent change. Click **Show New Values** to return.

If you edit a pending field, your most recent change will overwrite the former pending change. The campus staff will approve the most recent change.

3. [What happens next?](#)

All data changes submitted via ParentPortal must be reviewed by an administrator before the student's record is updated.

- For most forms, each request is approved or rejected individually. For example, if you update your phone and address, the campus may approve the phone number change, but may require proof of residence before an address change is approved.
- For a Texas standard form, the form is accepted or rejected as a whole.

If campus staff rejects a submitted change, you will be notified by email. The email message should inform you why a particular change was rejected and what to do. Contact the student's campus for more information.
